Chairman, JMSIC

JMSIC Support For Other Working Committees of the SIC

(1) The above subject has been discussed in several meetings of the JMSIC, (JMSIC 3/5, VIII; JMSIC 3/6, V).

(2) The JMSIC recommended that its members collaborate with other committees to the fullest extent. Items of mutual interest will be forwarded to other committees. JMSIC recognizes its responsibility to notify the JBWIC of unusual outbreaks of communicable diseases in the world.

(3) To assist in this collaboration and to enable the JMSIC members, as a committee, and as individuals, to make themselves available to the other committees whenever their services are desired, the JMSIC requested that the names of members of the other working committees of SIC be made available to it.
